Dear Sir;

This will confirm our conversation relative to the rental of the Red Wing Stadium on Sunday August 9th, for a baseball game to be played between the New York Black Yankees and the Newark Eagles, two colored teams.

It is understood that the rental shall be on the following basis:

Receipt of which is hereby acknowledged, with an option to take twenty percent 20% of the gross gate receipts.

The Rochester Baseball Club will furnish the park police, together with all police protection, at our own expense.

You are to stand the expense of the balance of the park payroll, such as ticket-takers, ticket-sellers, ushers, etc, and it is agreed that you will employ nothing but Union Employees. Our regular staff of employees, all of whom are Union members, will be available for your use if you wish to employ them.

Liability Insurance will be furnished under our own policy, but there will be a charge of \$.65¢ for every One Hundred paid admissions to cover the cost of same, this to be deducted from the regular receipts.

The Federal Admission Tax is to be deducted from the regular receipts and paid to a representative of the Internal Revenue Department who will no doubt be present at the game.

In the event of rain or wheather conditions preventing the game from being played, the amount of the deposit plus any expense incurred as a result of the game being scheduled, shall be returned to Robert M. Taylor.
